INDEPENDENT AUDITORS' REPORT

To the Commissioners of the Fullerton Arboretum Authority

We have audited the accompanying financial statements of the Fullerton Arboretum Authority, as of and for the year ended June 30, 2014, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITORS' REPORT, continued

Unmodified Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Fullerton Arboretum Authority as of June 30, 2014, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Fullerton Arboretum Authority (Authority) is a nonprofit governmental agency created on March 24, 1976, through a Joint Powers Agreement (Agreement) between the Redevelopment Agency of the City of Fullerton (Redevelopment Agency) and the Trustees of the California State University and Colleges (Trustees). In 2012, the City of Fullerton took the place of the Redevelopment Agency, which was in the process of dissolution as mandated under state law. The purpose of the Authority is to operate, on approximately twenty-six acres of land owned by the Trustees, a public ecological preserve which serves both the City of Fullerton and California State University, as an educational, research, and recreational facility. Subject to the provisions of the Agreement, the Authority's annual operating expenses will be funded by the City of Fullerton, the Trustees, and contributions from third-party sources, if any. The Agreements shall continue in full force and effect until December 3, 2020, or until repealed by all parties.

Governing Commission

The Authority shall be administered by a commission composed of seven members, each serving in their individual capacity as a member of the commission. Members appointed by the Redevelopment Agency shall be residents of the City of Fullerton, California. Members appointed by the Trustees and the seventh member, selected by the other six commissioners, and shall be residents of Orange County, California.

Accounting Standards

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Government Accounting Standards Board. The Authority also has the option of following subsequent private-section guidance for their proprietary fund, subject to this same limitation. The Authority has elected not to follow subsequent private-sector guidance.

Significant Accounting Policies

Proprietary Fund

The financial operations of the Authority are accounted for and reported on as business-type activities.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, which is defined as the basis of accounting under which expenses are recorded at the time liabilities are incurred, and revenues are recorded when earned.

JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

Fullerton Arboretum Authority reports information regarding their financial position and activities according to three classes of net position: unrestricted net position, temporarily restricted net position, and permanently restricted net position. A description of each of these categories of net position is as follows:

Unrestricted net position – Net position that is not subject to donor-imposed stipulations.

Temporarily restricted net position – Net position subject to donor-imposed stipulations that can be fulfilled by actions of the Authority pursuant to those stipulations or that expire by the passage of time. Temporarily restricted resources whose restrictions are met in the same reporting period are recorded as unrestricted.

Permanently restricted net position – Net position subject to donor-imposed stipulations that they be maintained permanently by the Authority. The Authority did not have any such net position during the year.

Cash and Cash Equivalents

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The Authority follows the practice of pooling cash with California State University, Fullerton ("CSUF"), CSUF Auxiliary Services Corporation ("CSUF ASC"), and CSUF Philanthropic Foundation. Interest income earned on pooled cash and cash equivalents is allocated to the various funds based on the average monthly invested cash balances in each participating fund.

JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Capital Assets

Capital assets are recorded at cost, except for donated assets, which are recorded at fair value at the date of receipt. The Authority has set the capitalization threshold for reporting all capital assets at \$5,000. Depreciation on capital assets is computed using the straight-line method of depreciation based on the following estimated useful lives:

Buildings and improvements	30 years
Infrastructure	30 years
Equipment	7 years
Furnishings	7 years
Improvements other than buildings	10 years

Accrued Vacation and Benefits

The liability for accrued vacation and benefits is recorded in the accompanying financial statements in the year in which it is incurred.

Donated Services and Materials

Services of various administrative and maintenance personnel donated by California State University, Fullerton, Friends of the Arboretum, and the Associated Students of California State University, Fullerton, and other organizations for which there is a basis for measuring the fair value are recorded as contributions and expenses at the time the services are rendered. Donated materials of significant amounts are recorded at their fair value at the date of receipt.

Income Taxes

The Authority was formed and operated exclusively for charitable and educational purposes within the meaning of section 501(c)(3) of the Internal Revenue Code of 1954. No provision is made for Federal income and California franchise taxes, since the Authority is organized and operated as a nonprofit governmental agency.
